

NOVEMBER

WHAT HAVE WE BEEN UP TO?

Parent Teacher Conferences will be coming up in Nov. I will be sending out a Sign up genius link for you to sign up. All conferences will be held in person unless otherwise requested. Please be prompt for your conference time. So I can be ready for each scheduled time.

Math:

We have started working with fractions, as well as longer multistep multiplication and division problems. Please consider having your student continue to practice math facts as those skills will transition into our higher level thinking problems.
