

# News From Room 122

Here's what we have been doing this month!

## Language Arts

We are starting our fourth unit in reading. We will be learning about challenges and how people deal with challenges. We will be reading a historical fiction book about the earthquake that happened in San Francisco in 1906. We will be focusing on learning how readers identify characters' responses to events and challenges and how writers use details to describe actions, thoughts, and feelings of characters. In writing, we are finishing up our president reports.

## Science

We are working through our unit on Energy. We have talked about different types of energy. We did an experiment with bouncy balls to talk about stored energy. We will be focusing more on heat energy.

## Math

In math we are continuing to learn more foundational concepts. We are working through the subtraction facts and have a fact assessment of 100 addition facts weekly.

We have been working on place value by using base ten blocks. We will continue this study by learning how to write numbers in expanded form. We will soon be learning about the greater than and less than symbols.

## History

We have finished up our unit on Ancient China. We learned about schools in Australia, India, and Russia. Now we are learning about Ancient Greece. We learned that Greece was the place where democracy started. We also talked about how Greece was originally broken up into city states that governed themselves.

### 2021-2022 School Verse

He is the image of the invisible God, the firstborn of all creation. For by him all things were created, in heaven and on earth, visible and invisible, whether thrones or dominions or rulers or authorities—all things were created through him and for him. And he is before all things, and in him all things hold together." Colossians 1:15-17

## Jesus Time

For the next few weeks, we will be studying some of the miracles of Jesus. Your child will learn stories about Jesus calming a storm, walking on water, feeding 5,000 people, healing the ill and disabled, and raising a boy from the dead. Through these miracles, God showed Jesus' power. Jesus' miracles prove that God is real, and that He has the power to change lives.

This same power can work in the lives of the people in your family. Because of sin, we experience tragedy, pain, and hopelessness. We sometimes doubt that God can help us overcome our problems. But God is powerful, and He loves us. He showed His great love by sending His Son to be our Savior. Through Him, we can be sure that whatever befalls us, He will be with us now and forever.

## Upcoming Memory

### Unit 6 Memory Verses

Oh give thanks to the Lord for He is good; for His steadfast love endures forever! 1 Chronicles 16:34

Behold, God is my salvation, I will trust, and will not be afraid. Isaiah 12:2

For by [Jesus] all things were created, in heaven and on earth, visible and invisible, . . . all things were created through Him and for Him. Colossians 1:16

[Jesus said,] "All things are possible for one who believes." Mark 9:23

## Mark Your Calendars!

- Mid-Winter Break: February 25 and 28
- Pancake Supper: March 1
- Spring Break: March 18-April 1
