We're Almost Done!

This has been one of my favorite years of teaching. I've enjoyed teaching each one of your scholars, and I'm so thankful I get to keep working with and laughing with them next year. Please read through this newsletter for a few final notes and reminders for the end of the school year.

Field Day is Friday, 6/10

- half day; 11:30 dismissal
- Parents are welcome to join in the fun!

History final board game projects are due Monday!

Students should email me asap if they are having difficulty meeting the due date.

Algebra I & Geometry Next Year

We have a new teacher for our Algebra I & Geometry classes next year! Mr. John Hecht (Mrs. Hecht's husband) will be teaching these classes. Here is an introduction from him:

I received my Bachelor's Degree in Math from Saginaw Valley State University and my Master's Degree from Western Michigan University. I worked as a math tutor at Saginaw Valley State University and Western Michigan University. I taught math at Western Michigan University for two years and have been teaching at Davenport University for the past twelve years. I have also worked with youth both at Immanuel Lutheran Church and with Kalamazoo County 4H for the past 10 years.

$$\begin{array}{c} 2 > -3 \\ 0.999... = 1 \\ \pi \approx 3.14 \\ \sqrt{2} \\ 1 + 2 \cdot 3 \\ 5(2 + 2) \end{array} \quad \begin{array}{c} \infty \\ \times \\ \div \\ 5^2 \\ (1 - 2) + 3 \end{array} \quad \begin{array}{c} + \\ - \\ 101_2 = 5_{10} \end{array}$$

We're excited to have Mr. Hecht with us next year!
