

SEPTEMBER

What have we been up to?

Geography: I have broken the Geography chapters down this year and students will have a quiz after each lesson. We will spend 5 days on each lesson and have a quiz on day 6. We go through the lesson multiple times but notes aren't written until day 4. We will review together on day 5 before the quiz on day.

Science: Each Science chapter consists of 8 lessons. After each chapter we will have a chapter test. Students should study their notes, vocab. sheets, and their workbooks. At the end of the chapter we will do a review which will be in their workbook.

REMINDERS

9/16: PTL Parking Lot Party 5-7p
10/17-21: ITBS Testing
10/28: No School
11/2: End of Quarter 1
11/3-4: No School – Teacher's @ the MANS Conference

Notes from Mrs. L

Please be sure to check in with your students each day. Feel free to check over any work they bring home before turning it in. Also, please encourage them to continue to read each night.
