# newsletter

## Math:

This week, we will continue to work on place value. Does 0 hold any value? How can we picture place value? We will discover place value with coins and work on two digit addition and subtraction.

## Reading:

Goods and Services  
Decodable readers and guided readers

Writing: Advertising and informational writing

UFLI focus: Closed/closed syllables(picnic), Open/closed syllables(music)

Sight words: many, any, been, into, friend, because

## Science:

Kawabunga! We're learning that waves are all around us! Sound waves to be exact. Vibrations produce these waves and we will be exploring how to make sound waves with some musical instruments. We will compare and contrast amplitude and pitch and volume.

## Announcements and Events:

FRI 1/23 NO SCHOOL end of Q3  
M-F 1/26-30 Lutheran Schools Week
