1 Field Trip for 8th Graders

The 8th grade is going to the Michigan Career Quest Southwest Expo. This is an interactive and inspiring career exploration. Students will explore careers and talk directly with industry professionals who perform these jobs every day. They will discover what it's really like to be a nurse, a graphic designer, a welder, an engineer, and many more exciting careers!

Date: 10/22
Time: 9:00-12:00
Location: Kalamazoo Expo Center
Field Trip Form: is attached to the newsletter email
Transportation: Parent drivers - please let me know if you can drive!

3 Mackinac Island Trip

I am working out details for our spring trip to Mackinac. Our tentative date is 5/10-5/12.

4 Weekly Behavior Focus

Each week the entire school is focusing on a behavior for students to work on improving.

This week's behavior was:
Keep hands and body to yourself
"Where do our hands stay? With me, ALL DAY!"

Next week's behavior is:
Keep your hands off others' things
"Whose stuff do we touch? Only mine, that's enough!"
